2018/2019 SPONSORSHIP INFORMATION
Now in its 43rd year, the 2019 SAE Baja competition consists of 100 university teams and over 1200 students from around the globe to design, build and race an offroad vehicle that will survive the severe punishment of rough terrain. Powered by a 10HP Briggs and Stratton Engine, students must work as a team to design, engineer, build, test, promote and compete with a vehicle within the limits of the rules.
